45 Acres Added To Ponoka Land

PONOKA—A new sub-division has been surveyed on the east side of the river from Ponoka. Forty-five acres on the farm of J. E. Norris have been converted into lots to be sold at nominal prices.

Ten acres on the southwest corner of the farm have been divided into quarter-acre lots with streets, lanes and avenues. On the north-west corner, five acres have been cut into acreages.

Surveyor was C. H. Snell and the survey plan was approved by the county engineer's committee board. Already much of the property has been sold.

Up to 1926 Ponoka was a densely wooded town. It was purchased by Mr. Northcott who cleared and farmed the area.

Waskatenau Girl Is Medal Winner

WASKATENAU—A girl who marks in the grade 9 examinations in the Smoky Lake school division, Sylvie Laverdiere, found after a year of Hallie Lake and Sprucefield schools, has been awarded the highest grade record medal. She studied under Miss Ethel Laverdiere at Sprucefield where she wrote the departmental examinations. She is now attending Waskatenau high school.

Wheat Shipments Held by Tie-Ups

WASHINGTON, Jan. 24.—(AP)—Transportation difficulties in Canada and the United States are worrying American government officials and causing a possible increase in wheat shipments to Europe.

Dean Acheson, United States secretary of state, told a news conference Tuesday that one of the factors contributing to the slow movement of grain in the United States is that ships from Canada now must be moved by rail mostly round the Great Lakes.

AMERICAN government officials said the Canadian transportation difficulties are similar in many respects to those in the United States. To overcome the necessity for returning troops to their homes has taken equipment from the tank farms.

Some American agriculture experts believe that as a result never before has so much wheat been able to ship all the wheat it might be held by hard-pressed European countries.

Estimates as to the world wheat shortage during the first six months of 1946 range from 100 million bushels to 150 million bushels, although some government officials believe this estimate is somewhat high.

Drawing Pension From War of 1812

WASHINGTON, Jan. 24.—(AP)—It is 130 years since the war of 1812 ended, but Oregon women still wait for pensions, records show, rendered by a veteran of that war.

The veterans' administration said today Mrs. Esther Ann Hill Morgan, 75, of Portland, Oregon, died last month.

She was the daughter of John Hill, a private in the war of 1812, and the date of her death is unknown.

He was asked to submit a complete outline of his plan to the committee.

Discharge Row

SHANGHAI, Jan. 24.—(CP)—The dramatic rescue of nearly 4,200 Japanese from their sinking repatriation ship, the *Endemic*, was described yesterday as the most remarkable rescue operation ever.

The ship sank rapidly after striking a mine 60 miles off the mouth of the Yangtze River.

In 25 MINUTES, all the Japanese except about 20 killed in the explosion or in subsequent mishaps were transferred from the 6,000-ton vessel to the *Endemic*. It appeared likely that the rescue would set a record for speed in history.

The ROAD AHEAD

By Capt. HARPER PROWSE, M.L.A.

The announcement that a decision has been reached concerning the composition of Canada's permanent forces and that recruiting for them is to begin will bring comfort to thousands of servicemen who are doing duty with our occupation forces in Europe. The one thing which underlays most of the discontent among our forces in Europe was the uncertainty as to how long their fight would be required to reach a main objective.

UNTIL RECENTLY no announcement had been made and no information was available as to how long our forces now in Europe might be expected to remain there. No announcement had been made concerning the composition of these men if the occupation is prolonged. The men, most of whom have volunteered, are in a country where ever they are required to serve, if war were strained that the men would be sent home one sucker in time of peace. They weren't at all happy, that's what they told me. The V.E. Day made them wonder just what was going on.

It is certain now, however, that on their overseas will go on their way home sooner than they expected. If we are prolonged here until early summer, then it is probable that the job will be done by members of our permanent forces. This is only fair and right.

THEIR IS, HOWEVER, one question which has not yet been

ROAD REPORTS

Roads OK at Athabasca, Grande Prairie, Edson, Barreid, Lac la Biche, Two Hills, St. Paul, Wainwright, Camrose and Thorsby, drifted. Slave Lake, Fort Macleod, Beaverlodge, Yellow Creek and Fort St. John, where it is still snowing, heavy at High Prairie and Cherrill; badly drifted at Peace River.

THE QUESTION — "Look, I'm James Hill, a man of means, of means of living a long and fruitful life. What do you think is the best prospect of longevity in this world?"

ARNIE BANKHEAD, farmer: "I think the answer to 'how do I live' is to live in the city, in the joll and tenor of city life. Get out into the open, healthy country, and you'll live longer. Your hands instead of somebody's else's machine—eat healthy food you've grown yourself, if you've got money buy a car, if you've got wife, live in the natural life."

ROBBIE HORNER, concrete worker: "One of the foolish features of this life of ours is that we never believe in the importance of saving for a rainy day, of promoting a long life. When the world is a whole settles down, if ever, that's when you're going to die of war starvation and general insecurity, a lot of the things that worry you into the grave, you've never experienced. There's the answer."

HIGH COMMISSIONER

In City on Feb. 12th

A high commissioner for Alberta will be in Edmonton on Feb. 12 to 14, 1942, and will stay at the Macdonald hotel.

DOROTHY DIX SAYS—

Faithless War Wives Are Now In Quandary

Serviceman's Wife Married When 16 and Now at 21 Has Three Small Children and Wants to Go to Dances and Night Clubs But Neighbors Object

DEAR MISS DIX: I am a service man's wife, faced with a terrible problem. I was married at 16 and now am 21. I have three small children. I enjoy going out to dances and night clubs, and since I have no one to stay with my children, I have left them with my mother too much, but we urge the mothers who are not going to take care of their children themselves to tell the neighbors where they will be, at least, physically safe and have the caretaking mothers will not give them up.

I HAVE A SAILOR who wants me to divorce my husband and marry him. What shall I do? I don't know if he has been faithful. He simply can't stand to go on pokies in the houses. I love nice things, and I want to do right by my son. What do you say? Shall I stick it out until my husband comes home and then leave him? I can't afford to do that. I should put my children in a home and look for a job? As the phrase goes, "What would you do?"

BEWILDERED.

ANSWER: Among the casualties of war are the poor, young wives who have been left alone and much shattered would have been if they had not been brought up to be mental and moral cripples for whom there is no surgery that will ever cure.

THEY ARE the so many thousands of them, like the writer of this letter, who, in times of peace, would have had good little wives and mothers, devoted to their families and doing their duty by them. But the war has brought them into the husbands from whom they were long-since bored and weary and uninterested in the pleasures that belonged to their time of life.

"THEY WANTED to dance and step out at nights and to be made love to, as they betrayed their husbands and their mothers. They wanted to be wanted when they went out—and sometimes the house

amounted to \$100,000. This meant that, with unreported sales, the League had gone over its quota of \$100,000.

John said today's hand reminds him of the end of the Victory Loan period. "The ladies were in a hectic evening of bridge, so without ado he opened the bidding envelope and said, 'You're in the West for double, can you?' But what happened in the play?

West cashed his king and ace of hearts, and John cashed his queen and hand. The king of spades picked up the queen and John spread his hand, concealing a diamond trick.

THESE young wives are not to be trifled with. They are the ones who couldn't take punishment, and their love of pleasure was stronger than any sense of duty. We can urge the mothers who are not going to take care of their children themselves to tell the neighbors where they will be, at least, physically safe and have the caretaking mothers will not give them up.

AND WE CAN TELL them that the baby is generally betrayed, and that the woman who believes that some channel-herd is going to help her take care of her and her children, and "do right by her," as the phrase goes, is being led into a lot of thinking.

DEAR DOROTHY DIX: I am a mother of three, the youngest being three years old whom I support. Soon she will go to school and I don't know how to afford the cost of sending her to school. My husband and I have no money to live on. I am thinking of letting them do for the sake of her having a good education. I have been very gratified to hear of the excellent results.

Why Grow Old?

The food you see Actress Jane Harker eating above was not analyzed in the test about which Josephine Lowman is writing today—but her beauty and health would indicate her diet is good. Can you say the same for yourself?

I CANNOT GIVE YOU a detailed description of the dietary analysis carried on by the Nutritional Biochemistry Laboratories. Masses of figures in technical reports are available.

Instead, I will just say that you would enjoy a brief description of it.

It consisted of the chemical analysis of 71 diets (213 separate meals) collected during August, September and December, 1945, from homes in the urban areas near Boston and New York. The diets included such items as acidic iron, acidic cob, acidic iron and calcium content of each meal.

At the same time a dietary survey was made in a marked value in some cases. It is certainly worth a trial, and one can still make changes in the diet.

Saturday we will investigate the sources of these elusive vitamins.

In the meantime if you wish to follow the dietary advice of "Defense" send a stamped, self-addressed envelope with your request to Josephine Lowman in care of this newspaper.

Revised by The Register and Tribune Syndicate, 1946

ONLY 7% OF THE GROUP OF 71 subjects received the Recommended Dietary Allowance of all nutrients except calcium. Most of them were children, and low vitamin intake was more usual than a low mineral intake.

Both the B complex vitamins and the B complex vitamins were the most deficient of all.

Children were below their allowances in all three vitamins, and adults were better nourished in most cases than children.

Saturday we will investigate the sources of these elusive vitamins.

Lower Income Taxes Urged

A resolution demanding immediate relief to those in the lower income brackets was passed at the January meeting of the Alberta branch Canadian Business and Professional Women's club held in the Ladies' Room Wednesday evening. The resolution asked for the raising of income tax exemptions to \$200 for a married man and \$100 for a single person.

The meeting declared that the present 10 per cent reduction in income tax does not help the lower income groups and only affords considerable relief to those in the top bracket.

THE MEETING discussed the recent \$2000 additional indemnity, tax free, which the government has given to the wives of the heads of the commandos. This increase in the seasonal indemnity was approved by the meeting on the grounds that the wives of commando work hard and had to live away from home in Ottawa for a greater part of the year.

Mrs. Elizabeth Steiner Haynes, member of the Edmonton School Board, spoke on the subject "The School Problem." She declared that physical comforts provided pupils in the schools are inadequate and that lighting is very poor.

The speaker urged the government to review the present school situation with a view to making necessary improvements within the next few months. She also declared that a three million dollar building program is needed immediately if the educational system is to have money on hand to start it.

MRS. HAYNES suggested that definite steps be taken to provide students in high schools since the majority do not attend university. "Every child must be provided with the opportunity to learn that will make him a good citizen of tomorrow," she said.

Mrs. Mary G. Price thanked the speaker for her address.

THE CLUB PLANS to inaugurate a series of conferences or forums to encourage public interest in educational affairs. It was also resolved that the club write to the provincial and federal governments asking provision for rheumatism and arthritis victims this summer.

Mrs. Kate Lyons, reporting on juvenile delinquency, said that detection and prevention were essential to the welfare of the community.

Religious services were served after the meeting.

Mrs. Douglas Presides At WCTU Meeting

Mrs. James Douglas presided at the meeting of the Victoria Women's Christian Temperance Union held at the Hotel Saskatchewan on Tuesday.

The devotional part of the meeting was conducted by Mrs. J. C. Hart, Mrs. Thomas Hart sang "Tell Them the Story of Jesus," accompanied by Miss Dorothy Hart.

Mrs. W. McLean spoke on "From Inside Prison Walls" and presented facts as told by Bernard Hauptman in the United Church Observer.

Calendar

Regular program class conducted by the V.W.C.T.U. will be held at 7 p.m. in the V.W.C.T.U. building, Friday at 7:30 p.m. and Saturday after the noon service at the V.W.C.T.U.

British Israel World Federation branch meeting in the Coronet hotel, Friday at 7 p.m. Speaker will be Mrs. F. Foy.
